

#1. K-LOVE music serves our home everyday with positive and encouraging words for me and my children's ears.

#2. If K-LOVE was displaced by an LPFM broadcaster providing other programming, our community's wholesome values that are being developed right now, would be shot down.

#3. The people in this country, including children, are being faced with watching and hearing so many violent things that it is in the public's best interest to have something that promotes caring, love and kindness. We need K-LOVE everyday to stay positive and help us focus on what is right!
